ABOUT ME

Dedicated and skilled Angular Developer with 1 Plus year of professional experience. Proficient in creating dynamic and visually appealing web applications using HTML, CSS, JavaScript, and TypeScript. Experienced in working with the Angular framework to build robust and responsive user interfaces.

Adept at utilizing Bootstrap and Material UI for rapid development and ensuring cross-browser compatibility. Proven ability to collaborate in team environments, use version control with Git and GitHub, and ensure efficient API communication with Postman.

EDUCATION & CERTIFICATIONS

Diploma In Information Technology

Amrutvahini Polytechnic - Sangamner

Ai And Machine Learning Workshop

Innovatus Technologies - Pune

Cloud Computing Workshop

Innovatus Technologies - Pune

EXPERIENCE

Angular Developer

GENEX TECHNOLOGIES PVT LTD - HYDERABAD - 2022 TO TILL NOW

PROFESSIONAL EXPERIENCE

Angular Developer

GENEX TECHNOLOGIES PVT LTD - HYDERABAD

Hotel Management Project

- Collaborated with designers and backend developers to transform wireframes and mockups into interactive and responsive web pages.
- Developed user interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and optimal performance.
- Implemented RESTFUL API'S and integrated data from backend services to create dynamic content for web applications.
- Utilized the Angular framework to build modular and maintainable front-end components, enhancing code reusability and scalability.
- Leveraged TypeScript to enhance code quality by adding static typing and object-oriented programming principles to projects.
- Designed and implemented user authentication and authorization features, enhancing the security of web applications.
- Implemented responsive design principles using Bootstrap to ensure optimal user experience across various devices.
- Conducted thorough testing and debugging using tools like Chrome DevTools to identify and fix UI/UX issues and ensure smooth functionality.
- Collaborated with QA team to perform end-to-end testing and resolve bugs before deploying applications to production.
- Actively participated in code reviews, providing feedback to peers and maintaining coding standards.
- Managed version control and code collaboration using Git and GitHub, ensuring efficient teamwork and version tracking.
- Created and documented APIs using Postman, enabling effective communication and coordination between frontend and backend teams.
